

Human-Like Paraphrasing Capability

Original Text

The company reported strong financial results with revenue increasing by 25% year-over-year and profit margins expanding to 18%.

Extractive

The company reported strong financial results with revenue increasing by 25%

Old Models

*Company strong results.
Revenue 25% increase.*

LLM

*The firm achieved impressive growth,
with sales up 25% and profitability
improving to 18% margins.*

Key Insight: LLMs generate human-like rephrasing, not just extraction
